

Relay for Life Team Rotary Walking Schedule

Event Starts Fri, April 16 at 4:00pm – Finishes Sat, April 17 at 6:00am

Thank you so much for being part of our team in this year's Relay. I have attached the walking schedule. Show up at the "midway" and look for the person you are supposed to relieve and start walking laps. If no one shows up to relieve you at the end of your hour, it's okay to leave. There's no baton that you have to hand off or anything. If it rains, we'll be walking laps inside the student center (but this is our year to have good weather; at least that's what they promised). The "midway" is the grassy area on N. King St. between the Student Center and Sara Cree Hall. King St. on campus will be closed to traffic for the event, but you can park in town or in the campus parking lot at the intersection of High and Princess (catty-corner to Blue Moon restaurant). Please wear your Relay T-shirt. This entitles you to any free meals they give out, including a box dinner Friday evening compliments Charles Town Races and Slots. I think they serve some time around 6-7 and survivors eat first.

If you are available, please also meet us in front of the Sweet Shop Bakery on Friday afternoon at 4:00 to hold the Rotary banner and cheer on the survivors as they carry the torch down German St. to kick off the event.

Let me know if you have any questions. And thanks again for being part of Team Rotary. See you Friday.
